Plugin installed successfully.

[Activate Plugin](#)

[Go to Plugin Installer](#)

Click on the "Activate Plugin" button.

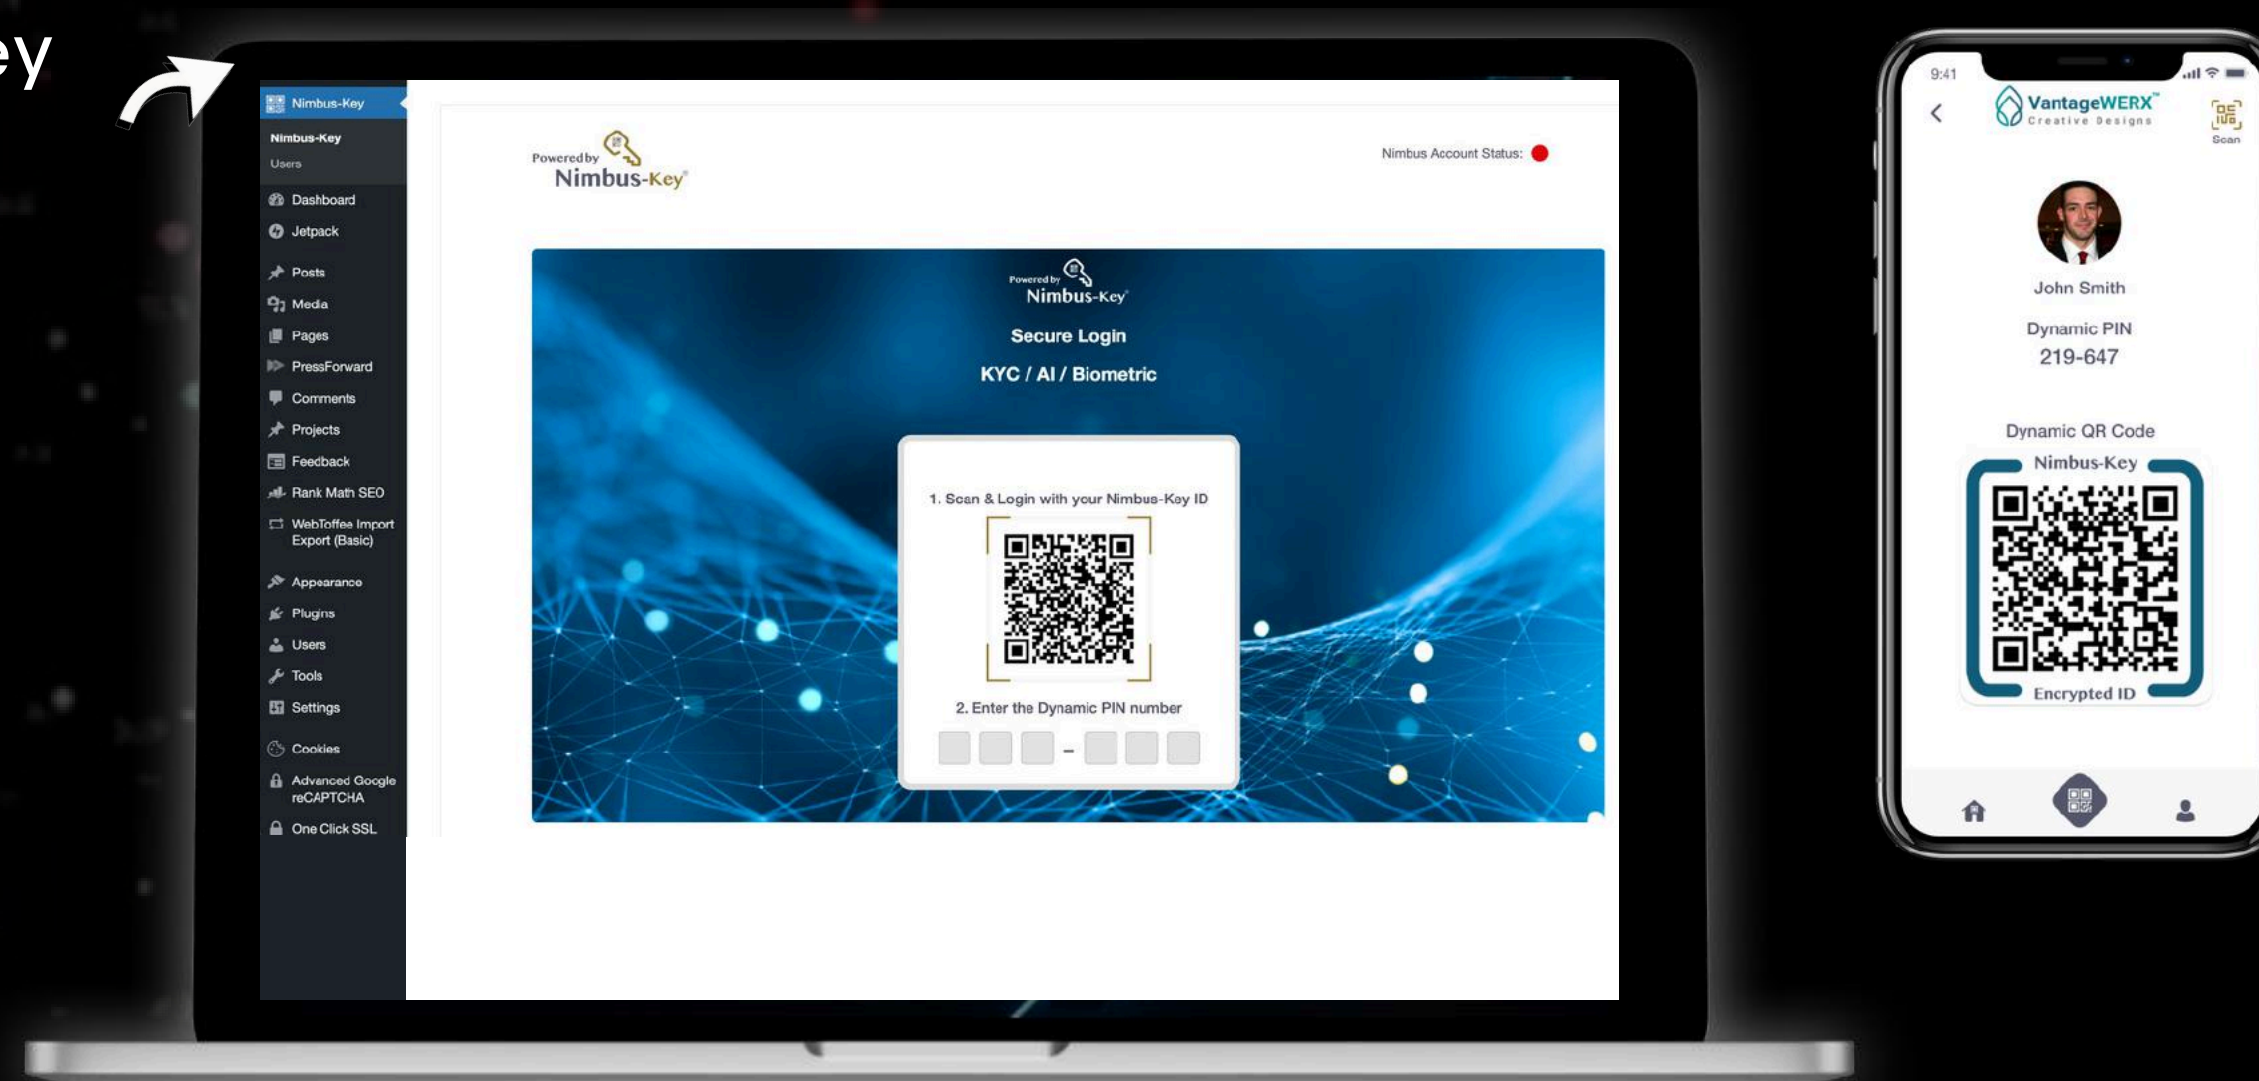

Setup your company account on your Nimbus-Key ID setup.

In the mobile app select:
Your Company Nimbus-Key ID
login credentials.

Dynamic Encrypted MFA in QRcode & PIN
are the new login keys. No Passwords.

Admin Authorization for SAML2 Connection

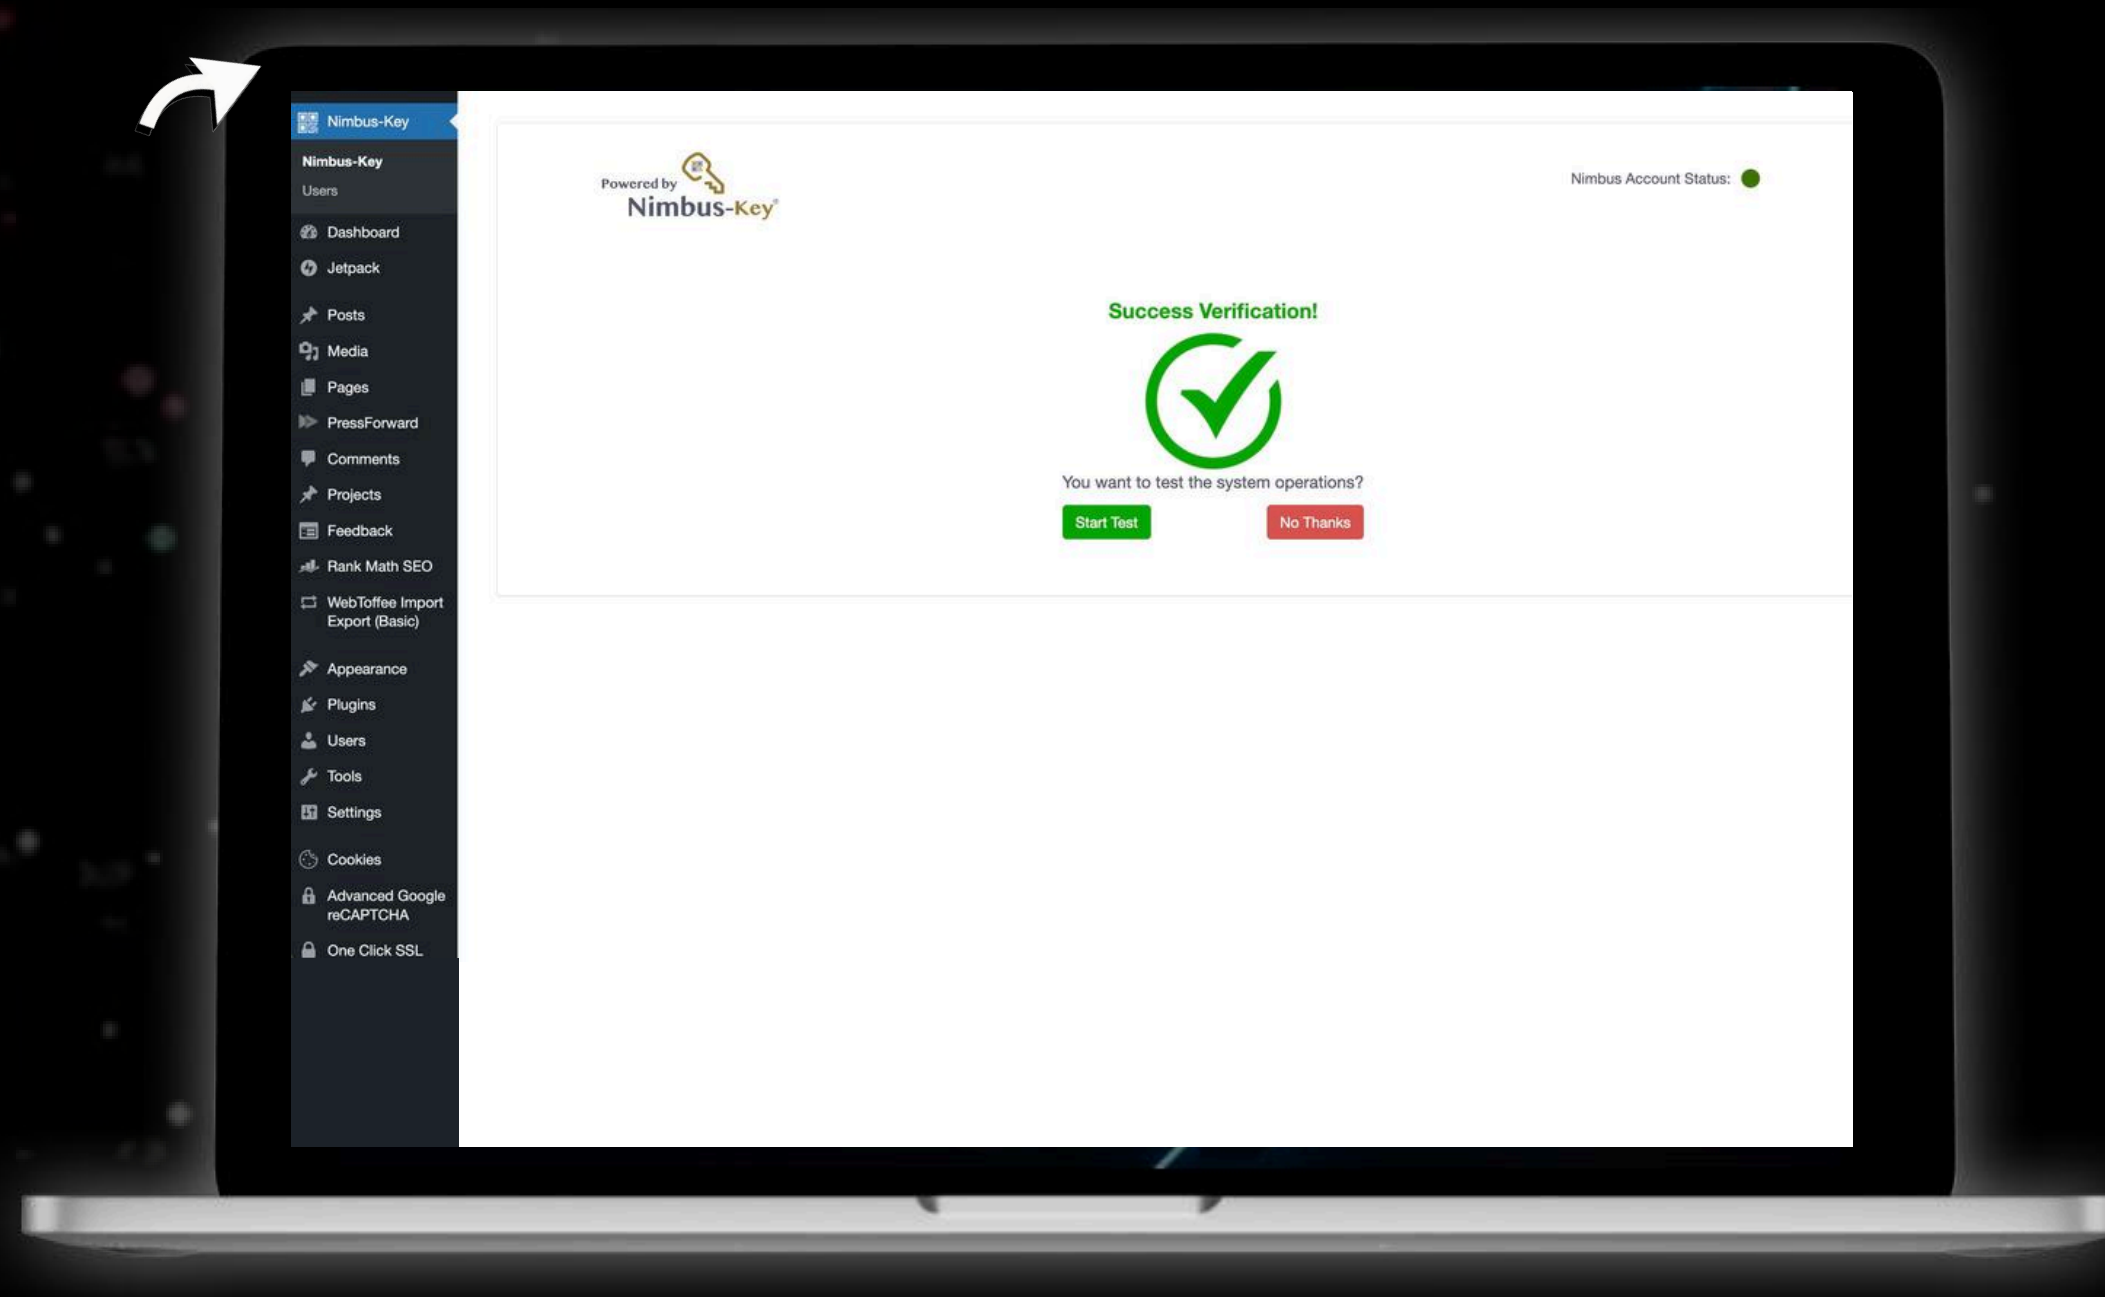

Nimbus-Key
Plugin

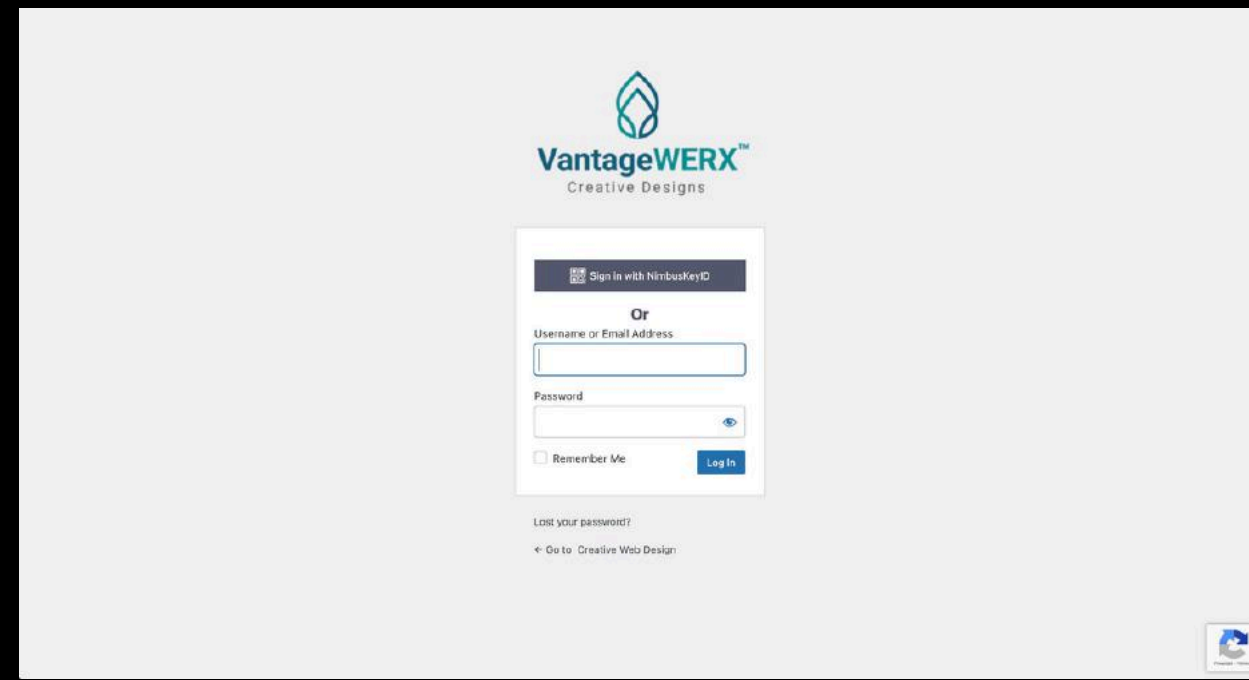

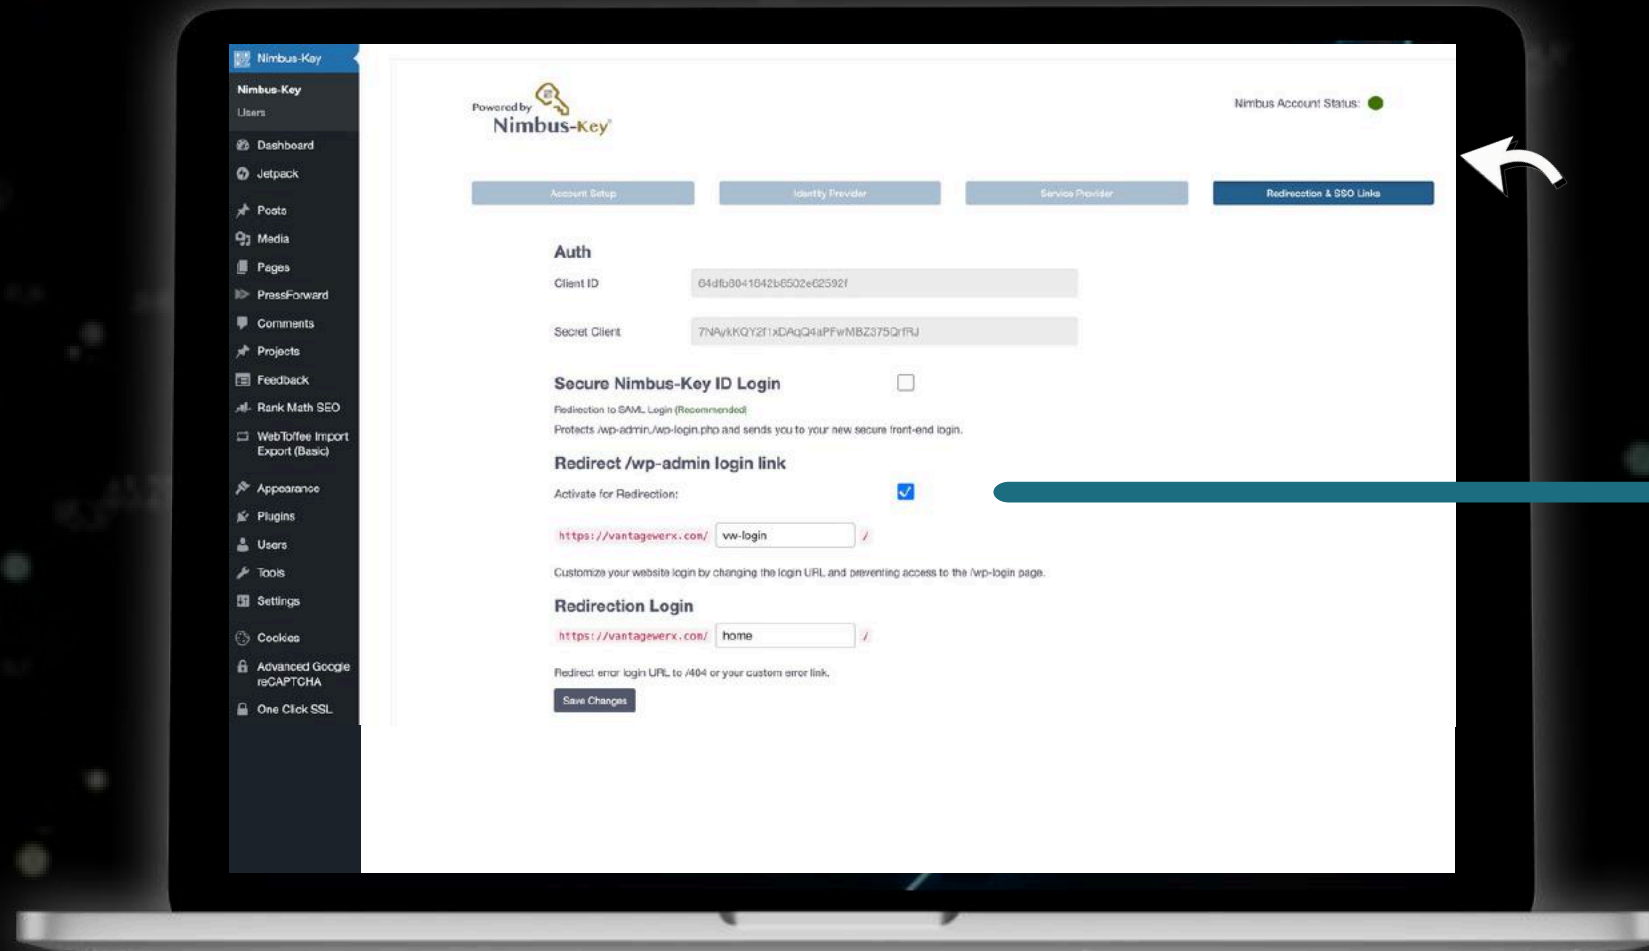

The Company Admin will authorize a secure SAML2 connection with your Wordpress website. Scan the Nimbus-Key ID QRcode and enter the dynamic PIN code.

This will authorize the secure backend connection.

SAML2 Connection Verified

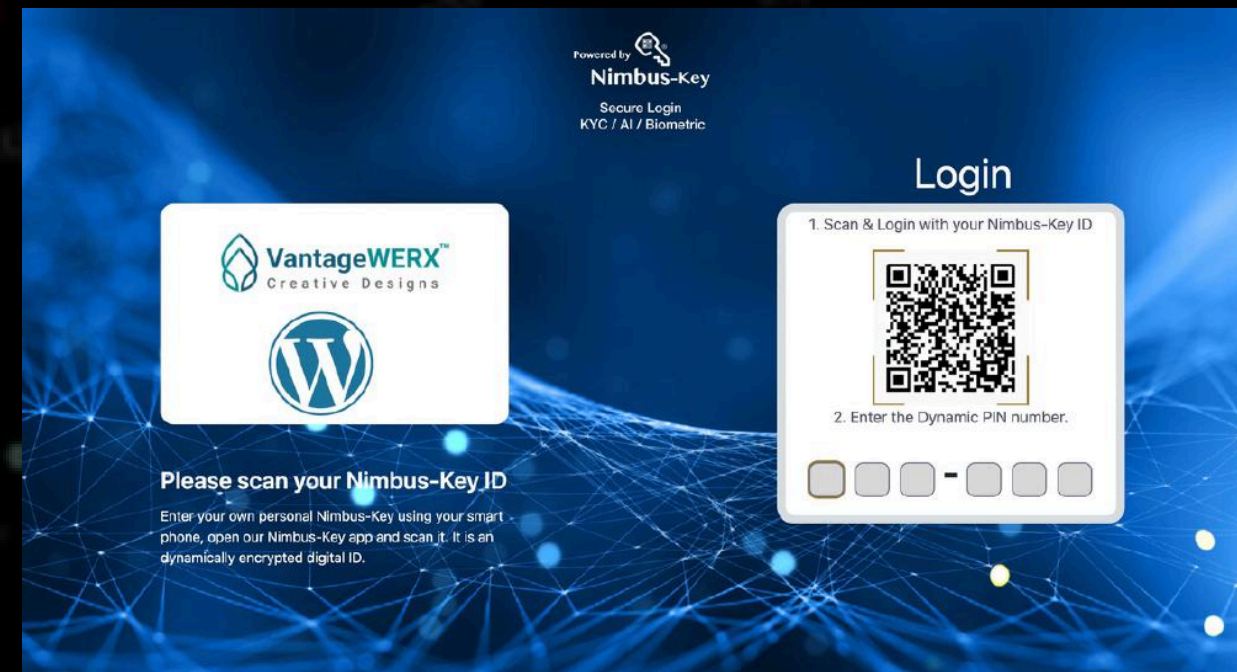

The SAML2 connection to your WP website is now verified and securely connected.

Redirect Example:
<https://website.com/custom-login>

- Admin now has 2 options on login logistics.
1. Redirect custom login. Password Login.
 2. Only Nimbus-Key Login. No Passwords.

Test your new secure login.
